Avoid student grade, purchase artist grade, you will thank me...
You are welcome to have any other colors & brands you like or prefer. Artist Grade are all good.

BRUSHES & PALETTE KNIFE

- **Robert Simmons Series 40 'Signet' Hog Hair Bristle Brushes or similar**

You will need different sizes:

- 1 Filbert size 2
- 1 Flat size 5
- 2 Filbert size 5 & 6
- 1 Bright Size 8 or 10
- Palette Knife - I like the T29 or T31

Short choppy strokes - can lay in a lot of color in the larger size - I do like a 10.

A good all around brush, the rounded tip can load a lot of paint, make long smooth strokes.

Another good brush, your work horse - with a lot of use it turns into a Filbert.

Handy to have but I don't use them in Hog Bristle - they fray too much.

Note - Wash brushes with Ivory soap & warm water after every painting session. Always wipe your palette knife clean.

CANVAS

- 8-10 Stretched Canvas
Fredrix Red Label, Windsor Newton Canvas, Hobby Lobby canvas (on sale) Canvas Boards if you must... Ranging in size from 14x18 to 16x20 to 18x24 & at least one large (24x36, 24x30 or 30x40).

EASEL

- Jullian French Easel & The Mabef are the best for outdoor & studio painting. Borrow one or keep checking Craigslist, buy older & in good shape easel. New Mabefs seems best & the new Jullians are disappointing. I rent easels & palettes for 10. a day for travellers.

YOU WILL ALSO NEED

- A brush washer turpentine container (Petite metal Brush Washer or Silicoil Brush Washer Tank)
- Painting palette - Blue Masterson with glass insert or the wooden palette that comes in your French Easel
- 3-4 inch paint/glass scraper - fit a piece of glass into your Masterson palette is best & you'll need a scraper
- Small sketch book & soft full lead pencil or pencil/pen you prefer
- View finder (cut 5x7 rectangle in a 9x12 piece of cardboard with a box knife)
- Windsor & Newton Liquin
- Odorless Weber Turpenoid
- Paper towels
- A piece of blockout shade cloth from the fabric store - one yard is 4-6 bucks - 2 substantial clips
Or a painting umbrella
- A good sturdy bag to carry your stuff that doesn't fit in the easel. (Tool bag from Lowes) or plastic bucket

Turpentine holders & the odorless turpentine.

Sketch pad, pencil & view finder. Important.

Wood palettes are made for ease & store inside the French easel even with the paint still on them. I personally like more space. There is no right or wrong on this.

My Masterson Palette - heavy, cumbersome & I won't go anywhere without it. Get a piece of glass to fit and put warm gray or brown paper bag under it. You will need a paint glass scraper. If you buy the paper palattes to go inside of your Masterson - BUY the GRAY not the white. Fighting white is too hard when mixing correct color.

Liquin is a medium that makes paint more workable without diluting color & speeds drying. I use Liquin specifically for my plein air underpainting. Very important.

WHAT TO WEAR

In Taos the mornings can be quite cool at 6-7000 ft. Layers are best. Warms up considerably during the day.

- Clothes, gloves, glasses, hat & water
- Sturdy boots!
- My “rig”
- My rig - set up, notice the shade cloth & clamp

- A water bottle!
- Sunhat (with a black/grey under brim preferable)
- Sun Glasses (cool grey not yellow)
- Sunscreen a must at our altitude
- Nitril Gloves (Walgreens)
- Clothing that covers arms and legs - light colored
- Sturdy shoes - we are in cactus country - tennies are not sturdy enough.
- Camp chair, I have a couple to lend
